	1 inch grade			1.5 inch grade				2 inch grade			3 inch grade				

Sizing Recommendations	
Measurements	The following measurement chart is to be used as a guide only, to ensure the best fit for size to order. Please acknowledge whether the bride would prefer a more "tailored" or "relaxed" fit.
Bust	Ensure to measure fullest part of the bust, measuring under the arms.
Hips	Measure around the broadest part of the hips.
Waist	Measure around natural waist.

*This size chart has been provided as a guideline to help you in determining the most appropriate size gown to order for your bride. When taking measurements, it would be best if the bride could be wearing the undergarments and petticoat (if applicable) she will be wearing with the gown on her wedding day. Please keep the tape straight around the body, ensuring the tape does not slip down lower in the back. Sizing and fit are subject to commercial tolerances, and some alterations may be necessary to achieve a custom fit. No returns will be accepted in the case that the incorrect measurements have been taken. Sophia Tolli Australia is not responsible for variances in dyelots.

****Size Chart B applies to all styles with prefixes Y212-, Y113-, Y213-, Y114-, Y214-, Y115-, Y215-, Y116-, Y216-, Y117-, Y217-, Y118-, Y218-, Y119-, Y219- and Y120-.**
